

BUILD RESEARCH PARTNERSHIPS

Mitacs Accelerate supports collaborative research between faculty at academic institutions, a non-academic partner, and a research intern. You get flexible funding for new collaborations, experiential training for your researchers, and a grant starting at \$15,000.

Who is eligible?

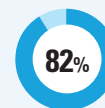

- Professors at academic institutions, including universities, colleges, and polytechnics
- All academic disciplines and sectors
- Students at colleges and polytechnics, and graduate students and postdoctoral fellows at universities (Canadians, permanent residents, or international students)
- Businesses in Canada and abroad, and eligible not-for-profit organizations in Canada

Research funding that's flexible and fast

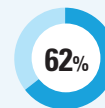

- Applications accepted anytime
- 6–8 week evaluation
- Projects can be as long as you need (minimum of 4 months)
- The Accelerate Fellowship provides longer-term funding and professional development training
- Projects can include multiple interns, academic institutions, and partner organizations
- Mitacs matches partner contributions with federal and provincial funding to support projects of any size

Get started at www.mitacs.ca/accelerate

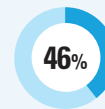

Mitacs Accelerate is a national research internship program. Since 2003, it has supported over 10,000 collaborations between graduate or postdoctoral interns, faculty supervisors, and partner organizations.

of companies continued their collaboration

of companies continued developing research from their projects

of interns in the private sector were hired by their Accelerate partners
